FOOD DONATIONS TO SHELTERS

Child Safety Seat Replacements For Fire Victims

Anyone in San Bernardino County who has been affected by the wild fires and has lost a home or car and needs child safety seats or booster seats may obtain them free by calling Safety Angels at (909) 496-7800 or by emailing sandy@safetyangels.us. Quality new child restraints are available free for infants, toddlers and older children who legally require them for safe passage in a motor vehicle.

Fitting stations will be set up as the need dictates at times and in areas convenient for the fire victims.
